

## **A**bout The Bellevue Hospital Home Health Agency

For many people, the ability to live at home depends on the availability of special medical care. The Bellevue Hospital Home Health Agency provides high-tech, comprehensive medical care in a patient's home.

Staffed by experienced nurses, therapists, social workers, and other healthcare professionals, we allow area residents to return home from the hospital confident they will receive the highest quality of care --- in the comfort of familiar surroundings.

The Bellevue Hospital Home Health Agency is an extension of The Bellevue Hospital. The agency is accredited by the Joint Commission on Accreditation of Healthcare Organizations. This accreditation demonstrates that they have met the rigorous standards set to ensure the highest quality of care.

## **Mission Statement**

*We CARE for patients as members of our family. We work to heal the sick, treat the injured, and prevent illness. We protect the trust of our community and employees, to be a progressive, quality health care organization. Our primary goal is and always will be . . . to CARE.*

## High-Tech Medical Services

The Bellevue Hospital Home Health Agency provides high-tech, skilled comprehensive services.

The staff provides a broad scope of specialty services including:

- Wound Care
- IV Therapies
- Disease Management and Education
- Diabetic Education
- Rehabilitation Therapies and
- Medical/Surgical Nursing Services.

Many health insurance plans including Medicare, Medicaid, and most private insurances will pay for high-tech home health care services.

## Home Health Admission Criteria

Patients are admitted when the patient's medical, nursing, and psychological needs can be adequately met at home.

Medicare criteria for home health services include that the patient must have a skilled nursing or therapy need, be homebound, and care requirements must be intermittent.

Patients who live in The Bellevue Hospital service area, are accepted for home care regardless of age, race, religious or cultural beliefs, sexual preference, or disease process.

## Highly Qualified Staff

The Bellevue Hospital Home Health Agency staff remains current in the latest advances in home care technology through continuing education courses. Our experienced staff of nurses, therapists, home health aides, and medical social workers live in the communities they serve - ensuring a timely response for our patients.

A registered nurse is available at all times, 24 hours a day--7 days a week, to meet our patient's needs.
