## What Is A Patient and Family Advisor?

*Patient and Family Advisors work in partnership with The Bellevue Hospital (TBH) to create a patient-centered care environment. Advisors provide invaluable input on practices and policies affecting the services our patients receive. The Advisory Council will meet routinely.*

## What Does the Advisory Council Do?

*The Advisory Council...*

- Promotes a collaborative relationship between patients, family and healthcare team members
- Channels information, needs and concerns for patient and family-centered care to team members
- Actively recommends and helps to implement change
- Provides an opportunity for the healthcare team to hear the voice of patients and families

## What are the qualities needed to join the Patient and Family Advisory Council?

- Be a current or former TBH patient or a patient's family member
- Have the ability to help providers and staff better understand the patient/family perspective
- Communicate needs and share perspectives
- See beyond personal experiences
- Respect diversity and listen to the opinions of others
- Provide input, thoughts and ideas fairly and respectfully
- Work and speak comfortably in a group setting
