

# HOW THE BELLEVUE HOSPITAL IS KEEPING YOU SAFE

*The clean, secure environment you know and trust*

Separate care areas for patients with influenza-like illnesses and those without

Screening for COVID-19 symptoms at the door

Connect For Care virtual appointments for primary care

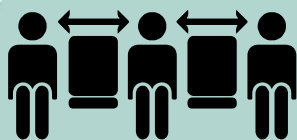

Proper PPE for all team members

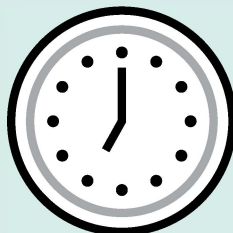

Frequent disinfecting and cleaning

Chairs in public areas spaced for physical distancing

Staggered appointments to minimize people in a given area

Face masks required of everyone, regardless of symptoms
